2. 700 lb. capacity, uniformly distributed.
3. Includes 2 Ladder Positioners.
4. Middle Bar available.
5. Easy installation.

Load Capacity: 700 lbs., uniformly distributed.

UPS Acceptable

Model No.	Description	Year	Adjustable Length	Weight
VR-SS	Van racks for full size vans with drip molding	ALL	50" thru 68"	37 lbs.
VR-MB-SS	Center position rack for full size vans with drip molding	ALL	50" thru 68"	19 lbs.
VR-LP	Ladder Positioners (2)- Replacement (Alum.)			1.5 lbs.
VR-HK-SS	Hardware Kit for VR/Replacement			3.0 lbs.

**STRONGER
THAN
ALUMINUM!
DOES NOT RUST!**

Stainless Steel Cap Racks

Features of Stainless Steel Cap Rack:

1. Does not rust, fade or peel.
2. 700 lb. capacity, uniformly distributed.
3. Includes 2 Ladder Positioners.
4. Easy installation.

Load Capacity: 700 lbs., uniformly distributed

UPS Acceptable

Model No.	Weight
LRUNC-SS	62 lbs.
LRUNC-F-SS (For Super Duty Ford; includes LR-HB-SS Horizontal Bars)	96 lbs.
LR-HB-SS Horizontal Bars (A special horizontal bar is needed for beds less than 68" in length)	30 lbs.

(Special extendo-plates are required for 1997 and newer Ford F-150; 2007 and newer Toyota Tundra; 2007 and newer Chevy Silverado and GMC Sierra; 2005 and newer Nissan Titan. Please specify when ordering.)

LRUNC-SS will not work with skirted/wrap over caps.

Fits most trucks with cab high caps. 25" clearance from foot plate to bottom of adjustable cross bar. Rack may be removed from extendo-plate without disturbing cap seal. **We strongly recommend using Vanguard's Horizontal Bars (LR-HB-SS) as shown.**

NEW Stainless Steel Racks!
